

BABY BRICKS

35" X 39"

KIT CONTAINS:

16 Print Bricks. 4 ½" x 8 ½"

6 Print Bricks 4 ½" x 4 ½" "

8 Non- Print (White or Solid Bricks) 4 ½" x 8 ½"

2 White or Neutral Bricks 4 ½" x 4 ½"

Outer Border – 4 WOF 4"

SEWING: Sew bricks together along the 4 ½" edge as shown in photo. Rows will contain 3 whole bricks and one 4 ½" x 4 ½" brick. Note: Every other row ends or begins with a 4 ½" x 4 ½" brick. Insert Non – Print (White or Solid) Bricks in locations shown in photo to create stair step look. Make 8 rows. Sew rows together as shown in photo to complete body of quilt.

Add 4" outer border along vertical sides of quilt body. Add 4" outer border along top and bottom of quilt body.

QUILTING SUGGESTION: Channel quilt. Lengthen stitch length to 3.0 or 3.5. Stitch all in one direction, starting on the same side of the quilt for each row. This will eliminate puckering between rows. Using serpentine or straight line stitch, stitch along the seam lines. Next stitch in the middle of the brick rows using the same stitch. Using the same stitch, stitch a row in the middle of the borders.
