Do you. . . .

DOODLE?

September 18th Program

Do you doodle while you're on the phone? While you're writing lists?? If you do, then you are Zen Doodling!! It is the art of drawing designs using a structured pattern or Zen tangles. This month our very own Kathy Aparicio and DJ Stultz will zero in on Zen Doodling and how it relates to quilting. Kathy and DJ will open your eyes to new possibilities and show how you can create beautiful quilts using this technique. They will discuss the process and show some of their pieces. Bring a note pad and pencil and come enjoy the day. Chill out or, as kids today say, "chill-ax" and learn to Zen Doodle!

President's Message

As I write this piece for our newsletter my thoughts and prayers are that all our members will be safe and have no serious damage during Irma's visit to our area. It's sounding like we might not be hit as hard as originally forecast. I'm glued to the Weather Channel because I'm supposed to be leaving this weekend to drive to Paducah, KY where I will be a sponsor and vend at the first ever AQS (American Quilters Society) Fall Paducah show. Kathy Aparicio will be traveling with me and helping me in my booth. It will be an exciting event and we hope the storm doesn't discourage quilters from coming.

Stay safe and I hope to see you all on the 18th.

Karen Preston

15 Degrees Quilt Class

The class is full but for those of you who were lucky enough to get registered before the class filled up, Sandy Jacobs will teach you how to make the 15 Degrees Quilt on Tuesday. The OSV doors will open at 8:30 a.m. and the class will start promptly at 9 a.m. Please do not be late. Be sure to bring your lunch and a drink. It's going to be lots of fun!

Holiday Bed Runner Challenge Starts

Jerre Reese and DJ Stultz will discuss the rules and regs of our next challenge. The bed runner challenge will be due at our December 11th meeting. Prizes will be awarded!

Missouri Star Demo

Sandy Jacobs will demo the pattern called "Pecking Order." She will show you how easy and fun this block is to make.

Coming Up In October

In the morning, Karen Preston will talk about her journey into quilting and show us a variety of her quilts and some of her "fun feline friends." After lunch Karen will have a fun 4-hour "afternoon alternative" Crazy Cats class. This is a quick and easy gift idea . . . "Purrfect" for any occasion. She will teach some easy ways to create a cute cat that can be a pin cushion, door stop or just something to make you smile in the morning. The class application is being sent in a separate e-mail.

QOV Christmas Boutique - October 16th

The QOV Myrtle Beach Shorebirds will be holding a Christmas Boutique and are asking CCQ members for donations of items they can sell. It can be anything: placemats, purses, pin cushions, fabric, patterns, etc., etc. The Boutique will take place during the regular CCQ meeting on Monday, Oct. 16, at the Oceanside Village Community Center. Another boutique will be held at Grand Strand Quilters on October 26.

Please bring any donations to Joan Wobbleton no later than the September 18th CCQ meeting.

All donations will go to help with the purchase of fabric, batting, etc., to make Quilts of Valor. Since 2010 the local chapter has awarded 1457 quilts and have 270 veterans waiting for a Quilt of Valor. Thank you for helping with this project.

2018 Gala - February 23 & 24, 2018 - It's not too early to start thinking about getting your quilts ready for the Gala. This year we've got something a little different. Instead of wearables, we are going to have a miniature quilt exhibit. Miniatures are a work of art. . .if you've never made one, give a try. We'd love to see it in the show. Take a look at the registration forms on our website.

We live near some of the most beautiful beaches on the east coast so the 2018 Gala Challenge is called "Life's A Beach." What image comes to mind when you hear the phrase "Life's A Beach?" Do you think about coastal living; the sun; the sand or the sea? Is life really better in flip flops? Or does it simply mean living an uncomplicated life doing something you love? How you interpret the phrase is up to you. Create a wall-hanging that represents your ideal. Choose your colors and your style. It can be pieced, appliquéd or a combination of techniques. Don't get "tide" down, come out of your shell and take time to relax and coast. Or, if you're feeling adventurous. . . make waves!! The registration form, including the guidelines, is also on the website.

If I stitch fast enough, does it count as aerobic exercise?

Quilters come with strings attached.

Quilters never cut corners.

Quilt till you wilt.
